

## Lesson Assignment Pages

The Lesson Assignment Pages play an important role in organizing the student's practice time. These pages are designed to be easy for the student and parents to understand and quick for the teacher to complete. The teacher can write the assignment efficiently using only a minimum of lesson time.

- 1. Lesson Assignment:** This section provides a convenient way to identify assigned books and pages for the next lesson. Add page numbers for New and Review Pages in their respective columns.
- 2. Practice Suggestions:** Blank space is provided for the teacher to write short practice suggestions to the right of the New and Review Pages.
- 3. Daily Practice Time:** Spaces are provided for the student to record daily practice time in minutes as well as the total time practiced during the week.
- 4. Notepad to Parents from Teacher:** This space allows the teacher to make specific suggestions related to using the Flash Cards and CD recordings at home. Additional space is provided for the teacher to communicate with parents regarding other aspects of study.
- 5. Notepad to Teacher from Parents:** This space allows parents to keep the teacher informed about practice during the week. Such communication can be a useful aid in helping the teacher structure the next lesson for maximum effectiveness.
