

Learning Link

A **text message** is a short message (fewer than 160 characters) usually sent from a cell phone. Several companies and individuals claim to have sent the first text message as early as 1989. "Texting" is the common term used for sending text messages. Text messages have become very popular, spreading from Europe and Asia throughout the world.

Fun Zone What's Wrong with the Text Message?

Something is wrong with your cell phone, and all of your text messages are mixed up! Check each musical example and decide what is wrong, then write it correctly.
